D30 TRUST NIMBUS™

Helmet Pad System

Designed for performance and comfort, TRUST Nimbus™ is a lightweight helmet pad system utilized in Slate Solutions ballistic helmet shells. TRUST Nimbus™ couples lightweight design and state of the art comfort with superior impact protection performance. TRUST Nimbus™ exceeds the required level of impact protection in all Slate Solution helmet shell designs.

Each helmet pad in this system features a unique geometry that

allows the pad to fit the shape of the head and offers superior deceleration under blunt impact tests vs. market leading competitors. TRUST Nimbus™ can also be integrated as a 7-pad or 9-pad system within most Slate Solutions helmet shells.

7-PAD CONFIGURATION

9-PAD CONFIGURATION

FEATURES

- ◇ Lightweight, high performing helmet pad system
- ◇ Integrated Comfort Liner for each pad
- ◇ Performance stability across multiple impacts
- ◇ Available as a 7-pad or 9-pad system
- ◇ Head-side fabrics offer anti-microbial treatment and great moisture-wicking properties
- ◇ Meets SPS hook and loop adhesion requirements, providing strong adhesion into the helmet shell and easy removal when required
- ◇ Available in all Slate Solutions helmet shell designs
