Ballistic Tactical Shirt

FRONT

BACK

FEATURES

- ◇ High-performing tactical shirt designed to be worn under hard armor plates and modular carriers
- ◇ Universal and female-specific designs available
- ◇ Upper torso protection for shoulders, upper chest, and upper back
- ◇ Low-profile integrated armor built to defeat fragmentation threats and NIJ II or IIIA soft armor performance requirements
- ◇ Fragmentation protection tested to MIL-STD-662F / STANAG 2920 with defined V50 performance
- ◇ Panels shaped for full mobility without hot spots or pressure points
- ◇ Flame-resistant, no-melt/no-drip materials engineered to deliver reliable thermal protection
- ◇ High-abrasion, stretch-woven sleeves for durability and range of motion
- ◇ Breathable knit torso for ventilation under armor systems
- ◇ Articulated shoulders and sleeves for unrestricted weapon handling
- ◇ Moisture-wicking, quick-dry torso to reduce heat stress
- ◇ Athletic cut allowing room for layering under body armor
- ◇ Adjustable cuffs for integration with gloves
- ◇ Full-zip front with FR zipper and chin guard for comfort

Options

- ◇ ID placards
- ◇ Extra soft armor deltoid insert sets

Sizes

- ◇ Universal: XS - 2XL
- ◇ Female: XS - 2XL
