

**SLATE  
SOLUTIONS**

# DTX TACTICAL

## Carrier

## FEATURES

- ♦ Adjustable shoulder straps and waist/cummerbund for a custom, secure fit
- ♦ Laser-cut MOLLE system for enhanced scalability and modular loadout
- ♦ Constructed from 500D Nylon and 1000D/500D laminated nylon for superior durability and abrasion resistance
- ♦ Interior lined with custom thermoformed padding for enhanced comfort during extended wear
- ♦ Cummerbunds equipped with spider quick-release buckles for rapid donning and doffing
- ♦ Shoulder pads with MOLLE channels for additional attachment points
- ♦ Bottom-loading front and rear plate pockets for quick and secure access
- ♦ Low-profile, high-tensile retractable drag strap built from heavy webbing, integrated into the back panel for rapid one-person extraction in dynamic environments
- ♦ Integrated communication cable routing for streamlined gear management
- ♦ Delivers full 360° ballistic protection — front, back, and sides — without compromising mobility

SOFT ARMOR  
BALLISTIC SHAPE

## Options

- ♦ ID placards (3" x 10") for the front and back
- ♦ Removable kangaroo pouch for flexible load carriage and front panel customization
- ♦ Modular zip-on back panel engineered for heavy load carriage, designed to integrate seamlessly with compatible plate carriers for rapid reconfiguration and mission adaptability.
- ♦ Shoulder pad optional ballistic inserts for enhanced upper protection.

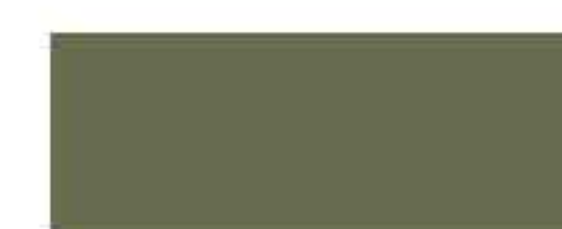

## Sizes

- ♦ XS - 3XL
